

Photography Apps for Smartphones

Snapseed

- Very powerful – many functions similar to Lightroom
- Free
- Versions for iPhone, Android phones and tablets
- Works with JPEG and Raw files
- Non-destructive editing

PhotoShop Camera

- Lots of downloaded lenses (filters)
- Lens (filters) work with both saved files and the camera on your device
- Free
- Versions for iPhone, Android phones and tablets
- Works with JPEG and Raw files

Lightroom

- Almost as powerful as Lightroom Classic
- Saves files to the cloud and syncs to Lightroom Classic
- Part of Adobe Photography Plan - \$9.99/month
- Versions for iPhone, Android phones and tablets
- Works with JPEG and Raw files
