Develop Module:

- Auto button improved

The screenshot displays the Adobe Lightroom Classic interface in the Develop module. The central workspace shows a photograph of a red boat house on a rocky shore. The right-hand panel contains various adjustment sliders, with the 'Auto' button highlighted in a yellow circle. The 'Auto' button is currently selected, and the 'Exposure' slider is set to -0.30. Other sliders include Contrast (+6), Highlights (-47), Shadows (+47), Whites (+8), Blacks (-31), Texture (0), Clarity (0), Dehaze (0), Vibrance (+14), and Saturation (+3). The top of the interface shows the menu bar with options like File, Edit, Develop, Photo, Settings, Tools, View, Window, and Help. The bottom of the interface shows the grid of photos and the folder path: 'Folder: 2-Bailey Island 10-2017 16 of 28 photos / 1 selected / RJK-20171007-D800-5913.NEF / Copy 1'.

Develop Module:

- Dehaze slider added

The screenshot displays the Adobe Lightroom Classic interface in the Develop module. The central workspace shows a photograph of a yellow boat on a misty lake. On the right-hand side, the 'Basic' panel is open, and the 'Presences' section is expanded. The 'Dehaze' slider is highlighted with a yellow circle, showing a value of +31. Other sliders in the 'Presences' section include Clarity (+37), Vibrance (+34), and Saturation (0). The 'Basic' panel also shows other settings like Temperature (+6.00), Tint (+13), Exposure (0.00), Contrast (-4), Whites (+75), and Blacks (-66). The top of the window shows the menu bar and system tray, and the bottom shows the grid of photos and the folder path: 'Folder: 4-Cape Harbor 10-2017 9 of 13 photos / 1 selected / RJK-20171009-D800-6126.NEF'.

- Auto transform to correct perspective distortion and level

Develop Module:

- Auto transform to correct perspective distortion and level

The screenshot displays the Adobe Lightroom Classic interface in the Develop module. The central workspace shows a photograph of a Venetian canal at dusk, with buildings on both sides and boats in the water. Two yellow circles highlight the perspective distortion in the original image: one on the left side of the canal and one on the right side. The right-hand panel is open to the 'Transform' section, where the 'Upright' tab is selected. The 'Auto' button is highlighted, indicating that the software has automatically corrected the perspective. Below the 'Upright' tab, the 'Transform' section shows sliders for Vertical, Horizontal, Rotate, Aspect, Scale, X Offset, and Y Offset, all set to 0.0. The 'Constrain Crop' checkbox is also visible. The top of the interface shows the menu bar with 'Lightroom Classic' and various options like File, Edit, Develop, Photo, Settings, Tools, View, Window, and Help. The top right corner displays the date and time: 'Fri 10:24 AM Robert Kovach'. The bottom of the interface shows a grid of thumbnails for the current folder, 'Venice 11-2019', with 143 of 219 photos selected. The selected photo is identified as 'RJK-20191106-OMD-6164-HDR.dng'.
